

EZ-Clean™ Scale Terminal Systems

NEMA 4X Packaged Scale Terminal For Hose-down Applications

Feature	Description																
Physical Dimensions (W x H x D)	Typical Flush-Mount Enclosure Sizes (Based on Requested Options)																
	<table border="1"> <thead> <tr> <th>Terminal</th> <th>Height*</th> <th>Width*</th> <th>Depth</th> </tr> </thead> <tbody> <tr> <td>IND780, IND690</td> <td>20" (508mm)</td> <td>20" (508mm)</td> <td>6" (152mm)</td> </tr> <tr> <td>IND560/PANTHER®</td> <td>12" (305mm)</td> <td>16" (406mm)</td> <td>6" (152mm)</td> </tr> <tr> <td>PUMA®</td> <td>20" (508mm)</td> <td>16" (406mm)</td> <td>6" (152mm)</td> </tr> </tbody> </table>	Terminal	Height*	Width*	Depth	IND780, IND690	20" (508mm)	20" (508mm)	6" (152mm)	IND560/PANTHER®	12" (305mm)	16" (406mm)	6" (152mm)	PUMA®	20" (508mm)	16" (406mm)	6" (152mm)
	Terminal	Height*	Width*	Depth													
	IND780, IND690	20" (508mm)	20" (508mm)	6" (152mm)													
	IND560/PANTHER®	12" (305mm)	16" (406mm)	6" (152mm)													
PUMA®	20" (508mm)	16" (406mm)	6" (152mm)														
* wall mounting flange increases overall height and width by 3"																	
note: Wall mount enclosure with EZ-Clean™ controls optionally available																	
Operating Temperature	-10°C to 40°C (14°F to 104°F) typical, dependent upon requested options																
Power	120 VAC or 240 VAC, 47-63 Hz, order specific																
Available Terminals	JAGXTREME, LYNX, PANTHER, PUMA																
Required Air Pressure	100 psi (6.7 bar)																
Supply Port Size	1/4" NPT																
Mounting	Flush mount into wall, mount onto wall, or onto optional pedestal (order specific)																
Options (Factory-configured)	<ul style="list-style-type: none"> • METTLER TOLEDO's analog or POWERCELL® scale interface technologies with optional PLC interface cards. Other METTLER TOLEDO scale terminals also supported • Optional multiple scale terminals in one enclosure • 120 VAC or 240V AC I/O Modules • Air supply fittings, pressure regulator, and internal or external key-lock manual switch for raising and lowering VERTEX® EZ-Clean scale • ISB15000 barrier for analog 5 to 15 volt load cells • Thermal printer with wash down hood • Per customer requirements 																
Scale Interface																	
I/O Modules																	
Scale Pneumatic Lift Controls																	
Intrinsic Safe Barriers																	
Printer																	
Lights/Buttons/Switches																	

Integrates with
VERTEX®
2158 EZ-Clean™
Scale

Features	Benefits
Compact 6" overall depth	<ul style="list-style-type: none"> • Allows for easy flush mounting into building wall
Optional integrated pneumatic controls	<ul style="list-style-type: none"> • Allows user to easily access scale lift controls • Control options include internal or external key-lock providing user flexibility
Brushed stainless steel fuse welded faceplate with minimal seams	<ul style="list-style-type: none"> • Excellent performance in "hose-down" applications where crevices and openings must be minimized to prevent fungal/bacteria growth
Compact, integrated design	<ul style="list-style-type: none"> • Less space required • Aesthetically pleasing • Optional shallow mount version for 4" wall depth
Heavy duty, NEMA 4, dual latches	<ul style="list-style-type: none"> • Provides rugged, tamper resistant, reliable door seal
Multiple Terminal Options	<ul style="list-style-type: none"> • Provides ability to select terminal best suited for application
