

Compact format

Space-saving and high-performance

Bright display

High-contrast and easy to read: the standard alphanumeric LCD segmented display for article, price and weight indications. The optional high-resolution dot-matrix display supports graphics displays or promotional scrolling text.

User-friendly operation

With 56 keys, of which 30 are function keys and 26 are freely programmable fixed keys, you can adapt the key assignment of the bC-C2 Black compact scale to your individual preferences. The wear-free Light-Touch-keyboard is easy to operate, label and clean.

High-performance printer

No waiting lines at the sales counter – thanks to fast ticket or label printing at up to 125 millimeters per second. With a minimum of manual actions: convenient paper change for smooth operation practically without interruption.

Easy networking

No unnecessary redundant work: whether it's price changes, reconciliation with goods management or automatic totaling of sales – with its interface versatility and easy networkability, the bC Black family of scales saves you time and money.

bC-C2 Black

Flat compact scale for counter sales and labeling

The bC-C2 Black compact scale is distinguished by fast weighing processes and the feel of a classic keyboard. The flat and compact design of the bC-C2 Black saves space at the sales counter, creates no visual barriers for the customer and offers your employees easy and quick access to the full range of products at the sales counter. The durability and ease of operation of the bC-C2 Black compact scale also make it the ideal companion for product preparation in production or price marking in backroom operations.

METTLER TOLEDO bC-C2 Black

Performance features

- **Compact, flat design – free of barriers and taking up minimal space**
- **Easy to read and to operate – for quick weighing without waiting**
- **Easy maintenance and care – for maximum availability**
- **Simple networking – for the best integrated processes**

bC Black scale family

Rugged. Reliable. Durable. The bC Black scale family combines state-of-the-art weighing technology with tried and tested keyboard operation and is distinguished by fast weighing processes, a wide range of sophisticated functions and many optional extras. The model range covers weighing solutions for all areas of fresh produce – whether at the service counter, in the self-service area or in prepacking.
