

Spider BasicCounting

Trouble-free industrial processes become possible with the full range of Spider weighing platforms and terminals. Simple, rugged, and reliable – just the weighing systems you need!

BC

With these performance features,
the Spider BC weighs the way you want:

Excellent price/
performance ratio

Simple operation

Rugged industrial quality

Expandable with accessories

Every piece counts

METTLER TOLEDO

Spider BC – for counting and checking.

Benchtop model (with cable exit at rear)
Wall/stand-mount model
 (with cable exit below)

- Applications: Simple piece counting, weighing, taring, data transfer, dynamic weighing and checking in industry and commerce
- Location: Goods receiving, goods dispatch, production, warehouse

Main Features

- Rugged industrial quality
- Longlife diecast aluminum terminal
- Weighing platforms of powder-coated steel
- Load plate of chrome-nickel steel
- Application-oriented design and construction
- Protection against dust and splashing water to IP65

Product Features

- Expandable system
- Simple user guidance
- Fast and stable with HSFT® (High Speed Filter Technology)
- High internal resolution
 - 120 000 d displayed resolution
 - 3 million points internal resolution
- 2 x 3000 display points DualRange in certified version to OIML Class III
- Admissible ambient temperature –10 to +40°C
- Maximum EMC according to German industry standard (EN61326-1 Cl. B, EN61000-3-2, EN61000-3-3, EN61326-1)
- Standard protection against dust and splashing water to IP65 (EN60529) or IP54 (four-cell platforms)
- Compact AC adapter built into housing
- Terminal available as benchtop or wall-mount model
- Complies with electrical safety regulations to EN61010-1

Spider BC digital scale terminal

Display: Backlit LCD for easily readable results under all lighting conditions

Data transfer equipment:

- RS232C bidirectional data interface as standard (additional RS232 or RS422/485 optional)
- Data transfer key

Additional functions:

Readability adjustment, unit switching, automatic taring, automatic scale switchoff after three minutes, adaptation to environmental conditions, gross weight value, high resolution mode, automatic reference optimization, add mode, bargraph for visual assistance.

Keys: Large keys with action point and clear inscription for on/off, zero setting, tare, data transfer

6 function keys for:

- Variable reference input (1/2/5/15/20/25/30/50/100 pieces)
- 10-piece reference input
- Toggling between weighing/counting mode
- Toggling between counting/reference scale
- High resolution mode
- Average piece weight (APW) counting mode
- Gross weight value display

The complete Spider BC range:

- **Terminal**
mountable on long/short side of platform, freestanding on benchtop, or mounted on column or wall
- **6 platform sizes**
- **10 weighing ranges from 6 – 3000 kg**
- **Extensive range of options and accessories**

Versions: • available, – not available, ¹⁾ certifiable/A = non-Europe only, ²⁾ certified/M = Europe only

Weighing platform accessories

- Column 300, 400, 500 and 650 mm
- Base/floor stand
- Wall mount
- Terminal mount
- Antitheft device
- Roller track
- Ball table
- Bench stand
- Approach ramp for floor scales
- Pit frame for floor scales

Terminal accessories

- Sprinter 1 printer (Euro)
- Sprinter 1 printer (UK)
- Protective cover
- Auxiliary display
- Interface data cables:
 - Sprinter 1
 - Spider-PC
 - Spider-Spider

Terminal options

- RS232 or RS422/485 data interface
- Rechargeable battery, with OptionPac
- Analog interface to connect a second weighing platform with OptionPac

Spider BC terminal dimensions

- A Height = 71 mm
- B Height = 36 mm
- C Depth = 200 mm
- D Terminal width = 277 mm
- E OptionPac height = 49 mm
