Goal:

Customer Expectations:

May MT share information? Yes, no restrictions Yes, only with written permission No

Water System Information

Type of Water System: Purified Water (PW) Water for Injection Ultrapure Water (UPW)

Conductivity Measurement:

Installation Point:

Type of Sanitization: Ozone Heat Other:
Ozone Concentration Temp °C

Sanitization Frequency:

Other Parameter Measurements: TOC Ozone Conductivity Water Temperature
 Tank Level Pressure Other:

Data Output: Analog USB SCADA Other:

Process Water Sample Requirements

Is the temperature 5 - 90 °C? Yes No
Is the sample pressure 20 - 80 psig (2 - 5.5 bar(g)) ? Yes No
Is the environment less than 80% relative humidity (non condensing)? Yes No
