

# LabelBLAZER

## Label Creation Software

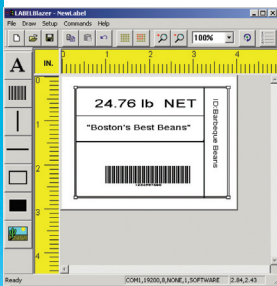

### PC-based software

Create and format labels on a PC, designating fields for scale and variable data. Download the formatted label directly to APR710, 8863 and 8867 label printers.

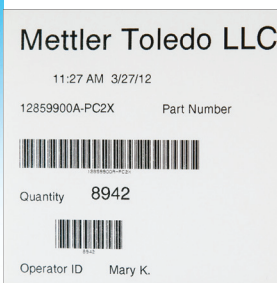

### Multiple barcode options and font sizing

LabelBLAZER can handle any of a wide array of printer-dependent barcode options. Use printer-dependent fonts in multiple sizes, and expand them up to 24 times to make clear, readable labels.

### Simple interface

Label creation is made easy by the software's interface. Scale, position and style are instantly visible and easily modified. Barcodes can be included using the built-in barcode creator. Import graphics for impressive customization.

### Test print function

Before downloading a label template to the printer, create a test print to check formatting, scale and legibility.

### LabelBLAZER

For 8863, 8867 and APR710 Printers

LabelBLAZER is a simple but flexible label creation utility designed especially for METTLER TOLEDO printers. Use LabelBLAZER's intuitive and straightforward interface to create labels in a variety of formats, and including graphics and barcodes.
