The Model 706 and Model 705 Auto-Labeler® lets you add components to make your hand wrapping operation more productive for both regular and peak periods. Add the SmartTouch® Prepack System, Model 661 Hand Wrap, and Model 623 Sealing Belt and you have an economical, efficient, and space-saving semi-automatic prepack system.

Handwrap and Sealing Belt

The Model 661 Hand Wrap and Model 623 Sealing Belt work together to provide the hand wrapping, film sealing, and tray indexing functions.

■ Model 661 is available with 2 or 3 film rolls.
■ Add a second 661 for higher throughput during peak periods.
■ Model 623 Sealing Belt provides uniform heat control for superior film seals.

Model 705/706 Auto-Labeler®

The Model 705 and Model 706 Auto-Labeler® automatically indexes and positions trays for DayGlo, Security Tag, and Price Labels. Packages are conveyed one at a time onto the scale conveyor for weighing and then to the labeling positions.

■ Consistent label placement for all tray sizes.
■ Add a DayGlo Printer or Security Tag Applicator for increased productivity.
■ Add a Model 710 Bottom Labeler to the system for additional labeling requirements or merchandising opportunities.

Design eye-catching custom labels for enhanced merchandising opportunities.

Touchscreen Controller

The Model 8361 SmartTouch® Prepack Controller provides the software control, weighing, and printing capabilities of the system.

■ Easy to use touchscreen.
■ Network using wired Ethernet or wireless.
■ 1400 Preset Keys for fast lookup.
■ Design and print labels with Member Pricing, Country of Origin, Nutrition Facts, DayGlo, Extra Text, and more.

Add the Model 710 for Bottom Labeling Capability

Add the Model 703 Security Tag Applicator to secure your profits.
