METTLER TOLEDO

A Production Printer for Demanding Industrial Applications

Assured compatibility with METTLER TOLEDO products.

- 8 inch per second print speed
- 203 or 300 DPI resolution
- Direct thermal or Thermal transfer models

The 8867 printer is a tough, industrial label printer which can print a variety of labels. With an impressive die-cast metal frame / metal housing, 8-inch supply roll capacity, and LCD control panel, the 8867 printer integrates well into industrial and production environments.

Label formats are easily designed using METTLER TOLEDO's LabelBLAZER™ software.

Standard Features:

- Media window to monitor label stock
- Label-taken sensor and internal backing rewriter
- Gap, notch or reflective media sensing
- Universal power supply

Available Options:

- Peel and present mechanism
- Cutter and tray ensemble
