Office of Weights and Measures

Important notice for verified weighing instruments in EC countries.

Weighing instruments verified at the place of manufacture bear the preceding mark on the packing label and a green M-sticker on the descriptive plate. They may be set to work immediately.

Weighing instruments that are verified in two steps have no green 'M' on the descriptive plate, bear the aforementioned identification on the packing label. The second step of the verification must be carried out by the Mettler-Toledo service approved or by the W&M authorities. Please contact your Mettler-Toledo organization.

The first step of the verification has been carried out in the manufacturing company. It comprises all tests according to EN 45501 – 8.2.2 in regards to scales with analog connection to the weighing platform, a weighing test according to EN 45501 – 3.5.3.3 must be carried out additionally. This test is not necessary if the terminal bears the serial number of the weighing platform.

According to EN 45014
