

Protection Assured Safe and Clean Operation

Maximum Protection

This weighing pan cover provides effective protection against chemicals and difficult to clean samples without interfering with balance operation. Just lift off and replace as required.

Safe Operation

Resistant to harsh chemicals, this cover protects the balance terminal from dirt and hazardous samples without interfering with visibility or balance operation. Simply dispose of and replace to eliminate cross-contamination.

Visible Contamination

This grey tray makes light colored powders and stains much easier to see, ensuring contaminants are cleaned up in accordance with regulations / SOPs. The tray simply lifts out and is dishwasher safe.

Protected Investment

When your balance is not in use, a full cover protects it from dust, dirt and contamination from everyday working activities. Easy to put on or take off in seconds.

Excellence Accessories

Make the most of your balance

Suitable for use in all working environments, these accessories protect your Excellence Balance against everyday hazards as well as protect your initial investment.

Particularly when handling toxic or hazardous substances, these accessories ensure higher process security and provide operators with an increased level of safety.

The balance is kept clean, helping to ensure years of reliable service.
